Did you know that fried zucchini was brought to America by Italian immigrants in the 1950's? In today's market, it would be pretty hard to find an Italian restaurant that doesn't offer fried zucchini, but it's more than just an Italian favorite. You can find these savory delectables in all types of QSR's, full service restaurants & bars due to their versatility and appeal. If you want the best fried zucchini in the market, then you're in the right place! Fry Foods continually delivers consistent quality products at a value added price. Just remember, Always Specify Fry!

# quality, consistency, dependability!

Although technically a fruit, the perfect zucchini is mild in flavor, slightly sweet, with a hint of bitterness which is why we only use Grade A zucchini. Using "Fancy" or Grade "A" zucchini means that they were carefully selected for color, tenderness, and free from blemishes plus they're the most tender, succulent, and flavorful. To top it off, we formulate the perfect breading to surround each piece for a fantastic crunch and mouthwatering flavor.

We offer a medallion sliced to 1/4" thick or sticks cut to 1/2" thick blanketed with an Italian seasoned homestyle cracker crumb breader. These crispy, crunchy, deep fried zucchini are heavenly from the first bite to the last. These are a perfect standalone appetizer, but its flexibility lends itself to layering and crafting with other dishes for your own signature piece.
