product highlights

Excellent piece counts, usually gives 1-2 more pieces per pound.

Quality coatings provide a better barrier helping resist blowouts. Coatings also provide longer hold times without compromising product.

Buttery or bold flavor of the cheese is always first to hit the palate, only to be complemented by the coating, not to overpower.

Pair your favorite Fry Foods cheese product with a dip to enhance the flavor profile or build a signature piece integrating our products for the unexpected. Either way your crowd will be begging for more!

BUILD IT BETTER

Here's some ideas to integrate our cheese products:

- Mozzarella Burgers
- Mozzarella Grilled Cheese
- Toppers to Soups & Salads

PICK IT UP

What about this idea....Take our Battered Cubes or Sticks, sliced green apples, skewer them on a toothpick and serve with caramel dipping sauce! Voila a divine dessert!
