Eating vegetables has never sounded as enticing as it does when they are combined with crispy golden batters or crunchy textured breading cooked to perfection! We offer a vast array of vegetables that range from sweet to savory and every one of them are simply delicious! Fry Foods continually delivers consistent quality products at a value added prices. Just remember, Always Specify Fry!

# quality, consistency, dependability!

Appetizers, shareables, snacks, nibbles, or whatever creative name you come up with, they are the cornerstone to every great menu. Whether it's a plump button mushroom bursting with juices, the salty sour crunch of breaded pickles or the sweet & savory bite of a truly addictive battered corn nugget, you'll find our breaded vegetable line irresistible!

The foodservice industry is full of trends and new menu ideas, but some sometimes a tried and true appetizer classic is just what the consumer desires. We can help you fill that need as Fry Foods continues to provide our customers with premium appetizers that are in demand. Italian seasoned breading, crispy gold batters and top quality vegetables will always be an appetizer classic, plus, help you build profits along the way.
